## POSSIBILITY OF BIG STRIKE

Coal Miners of the Country May Again Go Out.

### QUESTION OF PEACE OR WAR

Will Be Decided at Convention Which Is Now in Session at Indianapolis. Readjustment of Conditions on More Liberal Terms Demanded by Mine Workers—Operators Willing to Renew Present Agreement.

Indianapolis, Jan. 19.—Whether the country is to have another coal strike or not will probably be decided at the convention of the United Mine Workers of America which began here this morning. The miners will again put forward the demands that have been rejected by the operators, they will be rejected by the latter and the issue will be joined. The demands of the miners read as follows:

First—That an agreement shall be negotiated between the representatives of the miners and the operators of the anthracite region and all disputes arising under the contract shall be adjusted as provided for in such agreement.

Second—We demand the complete recognition of the United Mine Workers of America as a party to negotiate a wage contract and that the United Mine Workers of America shall be recognized in our right to provide any method we may adopt for the collection of revenues for the organization.

Third—That we demand an eight-hour day with no reduction of wages. Fourth—That all coal shall be mined and paid for by the ton of 2,000 pounds. Fifth—That we demand a definite

and more uniform scale of wages and prices for all classes of labor at the collieries in the anthracite region and that all employees paid less than \$1.50 per day shall receive a 10 per cent advance and all employees paid more than \$1.50 and less than \$2 a day shall receive a 5 per cent advance.

Would Abolish System.

Sixth—That the system whereby a contract miner has more than one job or employs two or more laborers be abolished.

Seventh—That the employers be required to issue uniform pay statements designating the name of the company, the name of the employee, the colliery where employed, the amount of wages and the class of work performed.

Eighth—That the contract shall be made for the period of one year.

The officers of the miners' unions, headed by the president, Thomas L. Lewis, the successor of John Mitchell, are insistent upon these demands. The leading operators have declared their firm intention not to grant them. As the working agreement between the unions and the operators expires on March 31 some basis of agreement must be reached at the present convention if peace is to be preserved in the anthracite industry.

The operators are willing to renew the agreement, which is the one made through the mediation of the Roosevelt strike commission five years ago, but the miners' leaders declare that changed conditions make a readjustment on more liberal terms to the workers necessary.

The result of the recent election among the union mine workers will be announced at the convention.

### HEARST'S LAWYER ARRESTED

Governor of Oklahoma Swore Out the Warrant.

Guthrie, Okla., Jan. 19.—On a warrant sworn out by Governor Haskell, charging conspiracy to defraud the governor, Scott MacReynolds, attorney and special agent for William R. Hearst, was arrested here. Armed with a search warrant, also sworn to by Governor Haskell, MacReynolds' rooms at the Lone hotel were searched by Sheriff John Mahoney and Orville T. Smith, private attorney to the governor, and a large amount of data and papers seized pertaining to the \$600,000 libel suit instituted by Haskell against Mr. Hearst.

MacReynolds immediately demanded of the county court through his counsel the whereabouts of his papers. They were found in the private office of the governor and taken over by Sheriff Mahoney at the court's orders. MacReynolds had collected a vast amount of data, all secured in confidence. He declares that Governor Haskell's purpose in obtaining his arrest and the seizure of his papers was to obtain possession of this information to ascertain its importance and to learn from whom he had obtained it.

Governor Haskell in explanation of the MacReynolds' arrest, said that the attorney and others had offered large sums of money to aid in manufacturing false statements.

### TALKS ON THE SQUARE DEAL

President Roosevelt Delivers Address to Methodists.

Washington, Jan. 19.—Introduced by Bishop Cranston as the "Apostle of the Square Deal," President Roosevelt in an address at the African diamond jubilee mass meeting held in the Metropolitan Memorial Methodist Episcopal church, which the late President McKinley attended, declared that he would not come before a Methodist gathering if he had not attempted to give the square deal.

"In addition to the square deal in our own country," he continued, "I want the Methodists and others to help me give the 'square deal' to Japan. I will see to it that in doing this our own citizens are protected.

"You know I am not a mere sentimentalist. I am not in the least afraid of invoking the 'big stick' if it is necessary, but I should be ashamed to invoke it unless it was necessary. And I want to see us, while insisting on justice being done us, equally careful to do justice to others. The national government by agreement with the Japanese government and through the hearty and spontaneous initiative of the Japanese government, has been able to achieve a completely satisfactory solution of all possible difficulties, of all possible questions that could be at issue between our people and the Japanese people. It is only the federal government that can with wisdom and propriety deal with those questions; and I ask all good Americans to see to it that unwise men, foolish men, do not jeopardize to their own harm and the harm of their own locality, the arrangement that is now working out so satisfactorily to the governments of the United States and Japan."

## WHOLESALE LAND FRAUDS

Alleged to Have Occurred in Western States.

### STARTLING IN ITS CHARACTER

Information in the Possession of Secretary of the Interior Garfield Deals With Thefts of Public Lands Valued at Over a Hundred Million Dollars. Congressional Appropriation Asked That Lands May Be Recovered.

Washington, Jan. 19.—Information of a startling character of alleged wholesale and astounding frauds upon the public lands has come into the possession of Secretary of the Interior Garfield through special agents in the field. The serious allegation is made that approximately \$100,000,000 worth of lands in states principally west of the Mississippi river have been fraudulently acquired within the past two years by corporations and individuals.

With a view of recovering these lands, Secretary Garfield sent letters to Chairmen Hale and Tawney of the senate and house appropriations committees, respectively, asking for an additional appropriation of \$500,000 which, if granted, with that already asked for, will give the department \$1,000,000 for that purpose. The specific purpose of the appropriation requested is for preventing "deprecatory" upon public timber, protecting public lands, examining swamp lands, etc." It is stated that there is reasonable prospect of recovering much of this alleged fraudulently acquired land if the appropriation is promptly made. It also is pointed out that while \$1,000,000 may seem large, it is not 1 per cent of the commercial value of the land which the government which may hope to recover. Secretary Garfield also submits a statement to H. H. Schwartz, chief of the field service, showing over 22,000 distinct cases of alleged land frauds demanding further investigation. The number of such cases awaiting investigation by states now pending include the following:

Oregon, 1,462; Montana, 3,605; Minnesota, Michigan, Wisconsin, North and South Dakota, 5,894.

### GRAND JURY IS IN SESSION

Presumed to Be Considering Panama Canal Libel Affair.

Washington, Jan. 19.—Although the federal grand jury sat for about two hours here, occupying all its time presumably in the examination of witnesses and evidence dealing with the alleged libelous matter published in the New York World and the Indianapolis News concerning the purchase of the Panama canal rights from the French company, District Attorney Baker would give no information as to when the grand jury might be ready to make a report. In fact he would not even acknowledge that the grand jury was sitting, although it was seen to go in and out of the jury room.

During the time the jury was in session only one witness was seen to enter the room, and he remained for only a few minutes. This was J. A. Matthews, formerly private secretary to Vice President Fairbanks, later Washington correspondent for the Indianapolis News and now a member of the New York Sun staff in this city. Attorney General Bonaparte announced that he would have a statement to make in connection with the case possibly on Wednesday, although not sooner. By that time the grand jury probably will have heard all the witnesses who have been subpoenaed to appear before it. Charles P. Taft, brother of the president elect, will appear today.

Delavan Smith of the Indianapolis News, a cousin of Vice President Fairbanks, is to appear on Wednesday.

### AGREED TO DIE TOGETHER

So Husband Killed His Wife and Then Ended His Own Life.

Norfolk, Va., Jan. 19.—Having evidently carried out a prearranged plan to die together, Scauyler C. Carskadon and wife were found dead in their bedroom. Each had been shot through the back of the head. A revolver was found on the floor at the side of the bed in which the couple lay side by side.

The theory of the police is that the couple agreed to die together; that the husband shot his wife by prearrangement and then turned the pistol on himself. The man's hand was hanging over the bed and the pistol used was on the floor less than a foot away.

### RETURNS TO THE SENATE

Boise Penrose Will Again Represent Pennsylvania.

Harrisburg, Pa., Jan. 19.—Boise Penrose will again represent the state of Pennsylvania in the United States senate, according to the votes of the two houses of the state legislature, cast here today. He is a native and a resident of Philadelphia, a lawyer by profession and has been prominent

BOISE PENROSE.

in the public life of the state since his election to the state legislature in 1884. His coming six years' term in the United States senate, which will begin March 4, will be his third term.

The joint election of Senator Penrose by the two houses of the state legislature will take place tomorrow, as provided for in the United States law on the election of senators.

## ROOT SUCCEEDS THOMAS C. PLATT

Elected Senator by New York Legislature.

Albany, N. Y., Jan. 19.—As required by the federal law the two houses of the legislature of the state of New York met here today in separate session to vote for a successor to Thomas C. Platt, United States senator from this state.

The votes today were merely confirmatory of the choice of the caucuses of the Republicans of the two houses, Elihu Root, secretary of state. Tomorrow the two houses will meet in joint session, according to law, and vote together for Mr. Root, who will then be declared senator from New York for the six years' term commencing on March 4 next.

New York's new senator is one of the country's leading lawyers. He is a native of New York state and is in his sixty-fifth year. Mr. Root was secretary of war in the cabinet of President McKinley and has been secretary of state since July 1, 1905.

The Democratic caucus nominated former Lieutenant Governor Lewis Stuyvesant Chanler of Dutchess, who was the Democratic candidate for governor at the November election, and he received the votes of the Democrats.

### BRANDEGEE AGAIN CHOSEN

Will Succeed Himself as Senator From Connecticut.

Hartford, Conn., Jan. 19.—By vote of the two houses of the state legislature, cast today, Frank B. Brandegee will again be the junior senator from the state of Connecticut. He has represented the state in the senate since May, 1905, when he was chosen to succeed the late Orville H. Platt.

The election of Mr. Brandegee will be completed tomorrow by the vote in joint session of the state senate and house of representatives.

### REFUGEES ARE SUFFERING

Cold Wind and Snow Add to Their Discomfort.

Messina, Jan. 19.—A strong undulatory shock caused much alarm here and resulted in the fall of the remnants of a number of shattered walls. So far as is known, no one was killed. The situation for the refugees still here is very serious. They have found shelter in tents, but for the past day or two a cold north wind has prevailed and there has been a fall of snow, a very rare occurrence on the Sicilian coast.

Smoot Nominated for Re-Election.

Salt Lake City, Jan. 19.—Without dissenting voice the forty-three republican members of the legislature present at the senatorial caucus nominated Reed Smoot for re-election as United States senator from Utah.

### NATIONAL BOARD OF TRADE SEVEN BURNED TO DEATH

Holds Convention in Washington to Advance Commerce.

Washington, Jan. 19.—The national board of trade, an association of the commercial bodies of the United States, opened its thirty-ninth annual convention today in the New Willard hotel.

The national board of trade was organized June 5, 1868, in Philadelphia for the purpose of promoting the efficiency and extending the usefulness of the various boards of trade and other chartered bodies organized for general commercial purposes in the United States. It aims to secure unity and harmony of action in commercial usages, customs and laws and the advancement of commercial and industrial interests of the country at large.

Luther Laffin Mills Dead.

Chicago, Jan. 19.—Luther Laffin Mills, former state's attorney of Cook county and for many years one of the most widely known members of the Chicago bar, died following a stroke of paralysis. Mr. Mills was thought to be recovering from a previous stroke when he suffered a second one and died within five minutes.

Foreigners Perish in Fire at Goodtown, Pa.

Johnstown, Pa., Jan. 19.—Seven foreigners, all men, were cremated in a fire that burned to the ground three double houses at Goodtown, two and one-half miles from Berlin.

Two other men who were asleep in the same house where the seven lost their lives woke up in time to jump from a second-story window after the hair had been burned from their heads and their bodies had been scorched. These two are in a serious condition from the injuries sustained in jumping.

### FATHER AND SON KILLED

Five Other Members of the Family Fatally Hurt by Explosion.

Abilene, Tex., Jan. 19.—M. H. Headstrom and his three-year-old son, living five miles west of Roby, were burned to death and five other members of the family were probably fatally burned by a gasoline explosion. Physicians entertain little hope for the recovery of any of the family. A member of the family mistook gasoline for kerosene and poured the liquid on a fire.

1809—Edgar Allan Poe, author and  
poet, born in Boston; died in Bal-  
timore 1849. Poe's ancestors came  
to America from the north of Ire-  
land and descended from one of  
Cromwell's officers. His grand-  
father was a soldier in the wars  
of the Revolution and 1812.

1907—Coronation of Mohammed Ali  
Mirza as shah of Persia.

News-Messenger, has been reappointed  
a member of the Soldiers' Home board  
by Gov. Johnson. Capt. Whitney's  
first appointment was made by Gov.

THE Moorhead Independent says it  
cost that city \$4 per capita to pay sal-  
aries of city officers during the past  
year, and adds that "that's humping

covered at Medicine Hat which is the  
warmest piece of news yet received  
from the weather breeding spot up in  
Manitoba. It is hoped this discovery  
will have a beneficial effect on future  
reports from that section.

IT is said that the great catalogue  
house of Sears, Roebuck & Co., which  
does an immense business in this  
section of the country, is going out of  
the grocery and drug business, and the  
reason is assigned that the pure food  
laws have made it impossible for them  
to operate.

WHEN one considers that \$20,000,000  
worth of mailable matter was carried  
free by the postal department for the  
various branches of the government  
which deadhead their stuff it is no won-  
der that there is a deficit of \$17,000,-  
000 in the postal department shown by  
the annual report. If all the matter  
transported through the mails had been  
paid for at the usual rates a net earn-  
ing of \$3,000,000 would have been the  
result.

THE voters of Little Falls will decide  
between the candidates as to whom  
shall be recommended for postmaster  
at that place when there becomes a  
vacancy. The nomination will be sub-  
mitted to the voters at the spring elec-  
tion, the ballots will be placed in a  
separate box and the judge of the city  
election will be asked to count the  
votes. Congressman Lindbergh has de-  
cided on this method of ascertaining  
who the people want him to recom-  
mend in his home city owing to a  
variety of demands.

### REORGANIZATION OF NAVY

Board Endorses Plan of Secretary  
Newberry.

Washington, Jan. 16.—Endorsement  
was given by a board made up of per-  
sons who are believed to have been  
prominently identified with the naval  
establishment, to Secretary Newberry's  
plan for the reorganization of that  
branch of the government service.

The appointment of this board was  
the outcome of conferences between  
the president and Mr. Newberry dur-  
ing which the whole subject of naval  
reorganization was thrashed out, and  
at Mr. Newberry's suggestion its mem-

bers were invited to come to Wash-  
ington to talk over the matter.

A prolonged session at the navy de-  
partment, part of the time of which  
Mr. Newberry was present until call  
to the cabinet meeting, was followed  
by a luncheon to the members of the  
board at the White House when the  
question was again thoroughly con-  
sidered. At its conclusion the follow-  
ing statement was given out at the  
White House:

"The particular thing for which the  
conference was called has been  
achieved. They approved of what had  
been done thus far and made certain  
suggestions as to which the president  
is not yet prepared to speak."

**The Doctor's First Question**  
"How are your bowels?" This is generally the first question the  
doctor asks. He knows what a sluggish liver means. He knows  
that headaches, bilious attacks, indigestion, impure blood, are  
often promptly relieved by a good liver pill. Ask him if he  
approves of Ayer's Pills. Then follow his advice.

They are shipped into air-tight steel  
cans and shipped direct from the beds—  
packed with ice around the container, not  
in contact with the oysters. You get  
all solid meats. And how fresh, wholesome, appetizing and deliciously  
different they are!

Ask for "Sealship Sense," a booklet containing new and attractive ways of  
preparing oysters.

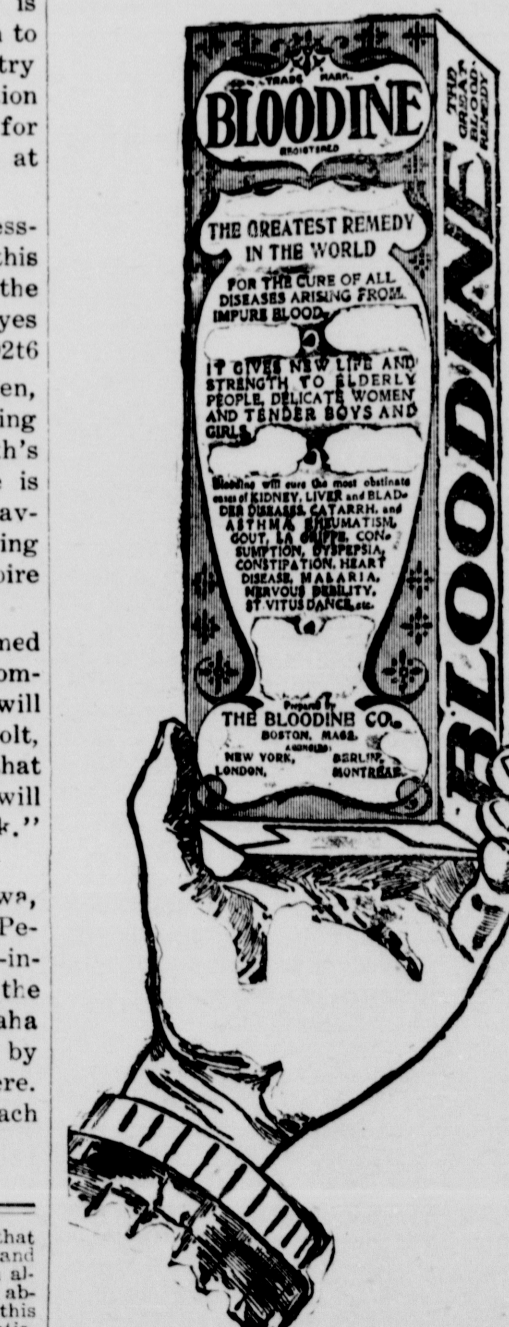

If your dealer doesn't sell "Sealship," here are some who do:

**Report of the Head Physician in  
a Leading New York Hospital  
on the Cure of Catarrh.**

"A few years ago we considered that  
we were doing well if we cured ten per  
cent. of the cases of catarrh brought  
to us, but since the introduction of  
"Bloodine" into our hospital we cure  
more than 90 per cent. of all the cases  
of Catarrh in its various forms brought  
to us. Catarrh of the Head, Catarrh  
of the Eyes, Catarrh of the Bladder  
and Urethra, Catarrh of the large in-  
testines, Catarrh of the Larynx, Pelvic  
Catarrh, Catarrh of the Throat, and  
Catarrh of the Stomach are quickly  
cured with "Bloodine." It builds new  
tissues, gives new energy, new life,  
new blood and strength to any part of  
the body attacked by the Catarrhal  
germs."

Bloodine is a powerful tonic, nour-  
ishing food medicine, composed of  
valuable tonic stimulants obtained  
from vegetable drugs. "Bloodine"  
contains no narcotics or other danger-  
ous drugs which merely deaden pain  
temporarily, but give no permanent  
relief or cure the cause of your disease.  
"Bloodine" is a powerful body builder  
and blood maker; it is the best remedy  
known to the medical profession to  
enrich thin, watery blood and supply  
new, rich red blood to the whole body.

**FREE.** To prove the wonderful  
merits of BLOODINE we will mail a  
large sample bottle for 10 cents in sil-  
ver or stamps for postage.

Address, THE BLOODINE CORPORATION, Boston, Mass.

## REORGANIZATION OF NAVY

Board Endorses Plan of Secretary Newberry.

Washington, Jan. 16.—Endorsement was given by a board made up of persons who are believed to have been prominently identified with the naval establishment, to Secretary Newberry's plan for the reorganization of that branch of the government service.

The appointment of this board was the outcome of conferences between the president and Mr. Newberry during which the whole subject of naval reorganization was thrashed out, and at Mr. Newberry's suggestion its members

were invited to come to Washington to talk over the matter.

A prolonged session at the navy department, part of the time of which Mr. Newberry was present until called to the cabinet meeting, was followed by a luncheon to the members of the board at the White House when the question was again thoroughly considered. At its conclusion the following statement was given out at the White House:

"The particular thing for which the conference was called has been achieved. They approved of what had been done thus far and made certain suggestions as to which the president is not yet prepared to speak."

To Regain Your Strength and Energy.

Report of the Head Physician in a Leading New York Hospital on the Cure of Catarh.

"A few years ago we considered that we were doing well if we cured ten per cent. of the cases of catarh brought to us, but since the introduction of 'Bloodine' into our hospital we cure more than 90 per cent. of all the cases of Catarh in its various forms brought to us. Catarh of the Head, Catarh of the Eyes, Catarh of the Bladder and Urethra, Catarh of the large intestines, Catarh of the Larynx, Pelvic Catarh, Catarh of the Throat, and Catarh of the Stomach are quickly cured with 'Bloodine.' It builds new tissues, gives new energy, new life, new blood and strength to any part of the body attacked by the Catarh germs."

Bloodine is a powerful tonic, nourishing food medicine, composed of valuable tonic stimulants obtained from vegetable drugs. "Bloodine" contains no narcotics or other dangerous drugs which merely deaden pain temporarily, but give no permanent relief or cure the cause of your disease. "Bloodine" is a powerful body builder and blood maker; it is the best remedy known to the medical profession to enrich thin, watery blood and supply new, rich red blood to the whole body.

Ordinance Prohibiting Screens  
Where Saloons are Closed  
Received First Reading

The city council met in regular meeting Monday evening with Alderman C. B. Rowley, vice president of the council, in the chair.

Members present: Aldermen Johnson, Dieckhaus, Wise, Lyddon, Vaughn, Zakariasen, Halladay and Vice President Rowley.

The minutes of the regular meeting of January 4, 1909, were read and approved.

Hon. Ed. Crust, mayor, came in.

The report of the finance committee showing the amounts on hand in the various funds on January 1st, was read and ordered placed on file.

A report from Wm. Barron, street commissioner, showing that 522 cords of rock had been purchased, was received and ordered placed on file.

Aldermen Vaughn and Zakariasen urged that there be more rock purchased, Vaughn stating that the city had not half the amount needed. Street Commissioner Barron said that he did not know of any place to pile more rock.

Alderman Lyddon wanted to know whether or not the city scales had been tested. Street Commissioner Barron stated that they had been put in good shape but had not been tested.

A communication was read from J. H. St. Peter offering to crush rock for the city for \$3.00 per cord and keep the crusher in repair; to crush for \$2.49 per cord the city to pay repairs or to run the crusher for \$2.50 per day.

Alderman Dieckhaus reported from the finance committee that the city attorney had ruled against the possibility at this time of establishing a revolving fund for improvement. City Attorney Ryan stated that the charter provided that the city must levy a tax to furnish money to pay the interest on such a fund and that as that levy had already been made for this year, it would be impossible to establish such a fund at the present time.

The finance committee was given further time in the matter.

The fire committee asked further time on the request of the firemen for permission to form a firemen's relief association.

The electric light committee was granted further time on the matter of adjusting rates for the street lighting, etc., with the water and light board.

On motion of Alderman Halladay the matter of purchasing ten cords of dry wood was referred to the purchasing committee with power to act.

Ordinance No. 218, providing a fine of not less than \$10 or over \$100 for having screens on windows of any saloon during the hours when it shall be kept closed under the law, was presented and received its first reading. Aldermen Dieckhaus, Lyddon, Rowley, Vaughn, Zakariasen and Halladay voting aye and Aldermen Johnson and Wise voting no.

On motion of Alderman Zakariasen the street commissioner was instructed to have the proper party test all street scales in the city.

The matter of buying ten cords of green or dry wood for use next winter was on motion left to the purchasing committee with power to act.

C. M. Patek asked permission to build an addition at the rear end of his warehouse on South Fifth street. On motion the request was granted subject to the approval of the fire committee and the chief of the fire department.

The superintendent of the Minnesota Water Works Co. and the chief of the fire department reported that all hydrants had been tested and were in good condition.

John P. Anderson for the water and light board reminded the council that the current for use in crushing rock must be purchased from the water and light board. On motion the matter was left in the hands of the electric light committee to confer with the water and light board.

Alderman Halladay brought up the matter of codifying the ordinances asking that there be a report from the special committee. President Crust, who was named as chairman of the committee, stated that he considered the matter solely the prerogative and business of the city council and city attorney.

City Attorney Ryan explained the magnitude of the work, and stated that while he is willing to act as one of a revising committee, it must be as an individual not as city attorney, and he said he would give his services gratis.

The mayor asked for further time as chairman of the committee, after which the council adjourned.

Californians Will Try to Turn Dr. Wiley's Methods Against Him.

Experiments to demonstrate whether sulphur dioxide as used in the preparation of dried fruit is harmful have been begun by San Francisco medical men and chemists as a result of the long standing controversy between the pure food authorities at Washington and the dried fruit packers of California.

A "poison squad" has been selected, and it is proposed to use his own familiar weapons against Harvey W. Wiley, chief of the bureau of chemistry of the department of agriculture. Sulphured fruit will be served to a dozen men once a day. No attempt will be made to depart from the customary methods of the housewife in preparing the dried fruit for the table.

## CONDEMNATION CASE BEING HELD OPEN

Ambrose Tighe Detained in

## THE LAW MAY BE NO GOOD

Judge McClenahan Leans Toward  
the Opinion that the Law  
is Unconstitutional

There was no action taken by Judge McClenahan in the matter of the condemnation of the plant of the Minnesota Waterworks company, Ambrose Tighe, who represents the stockholders, is detained in Crookston and cannot arrive in Brainerd until Thursday or Friday and the matter was left open until that time. There is said to be much doubt as to the validity of the law under which these proceedings and the bond issue were taken and it is very likely that it will be necessary to commence all over again. This question, however will not be formally passed upon until the case is taken up the last of this week.

The evidence and arguments in the case of Jordan vs. McKinley and Hoerr were completed at about 5:30 Monday night at which time the court adjourned until 9:30 this morning when Judge McClenahan delivered his charge to the jury and they retired for deliberation.

The court then took up the case of Alice McKinley vs. the Brainerd Lumber and Mercantile company, a case involving the rights of Mrs. McKinley under an alleged loan to the company of which her husband was president.

## LOCAL NEWS NOTES

(Continued from page 2)

Edwin Ralph was held to the grand jury by Judge Albright this forenoon on the charge of stealing doors, windows, etc., out of a house in Northeast Brainerd belonging to Dr. J. L. Camp. Some of the material taken from the house was found at a place owned by Ralph and occupied by Fred Bierman. Ralph was placed under bonds of \$200.

Manager Jones, of the telephone exchange wishes THE DISPATCH to call the attention to the people of Brainerd to the necessity of turning in fire alarms to central and letting her do the rest. If the hose house is called direct central knows nothing of the fire. As a result neither the pumping station nor the chief and firemen are notified. When an alarm comes in the central notifies the central hose house, the pumping station and a list of firemen. This is essential to getting prompt response from the fire department and all alarms should be given direct to central.

Tom Verkennes, the lad who was fined \$15 by Judge Albright last week on the charge of stealing coal from the Fisher-Budd Fuel company, was arrested again yesterday on a charge of stealing wood from J. A. Thabes, the charge being preferred by Earl Dennis, who works for Dr. Thabes. According to Dennis' statement he pursued the lad and was only ten feet behind him when he reached the house where Verkennes lives. The case was set for hearing this afternoon at 4 o'clock. When the officers went up Saturday night immediately after the theft occurred they are said to have been treated to a rough house and the hearing is placed at 4 o'clock in order that the night officers may be present. When Sheriff Reid and his deputy went to the house yesterday to make the arrest the boy was hidden and the parents denied knowledge of his presence but finding the officers determined they finally produced him.

In speaking of the recent game of basket ball in Little Falls the Transcript says:—"The Brainerd team played a clean game and it must be said that a more gentlemanly team never visited this city. Although defeated from the first start, they smiled and made the best of it. This match was the first one of the season for the team, the major part of the players never having played basket ball before. The Brainerd quint expressed themselves well satisfied with the treatment which they received and had no fault to find, taking their defeat in a sportsmanlike manner. They speak highly of their opponents and stated that they do not expect to play a stronger team during the year. The squad doubtless contains the nucleus of a good team which will be forthcoming shortly. Brainerd was handicapped by the absence of Capt. Kylo who was unable to play."

## HAVE THIS ENDED FOREVER

Let Diapepsin Digest Your Meals  
Until Your Stomach gets  
Strong and Healthy

If your meals don't tempt you, or you feel bloated after eating and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something for a sour stomach and indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas which sours your entire meal—interferes with digestion and causes so many sufferers of dyspepsia, sick headache, nauseous breath, and stomach troubles of all kind, putrefying the intestines and digestive canal, causing such misery as biliousness, constipation, griping, etc. Your case is no different—you are a stomach sufferer, though you may call it some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapepsin will cost fifty cents at any pharmacy here, and will convince any stomach sufferer five minutes after taking one Triangule that fermentation and sour stomach is causing the misery of indigestion.

No matter if you call your trouble Catarrh of the stomach, nervousness or gastritis, or by any other name—always remember that a certain cure is waiting at your pharmacist any time you decide to begin its use.

Pape's Diapepsin will purify the sourest and most acid stomach within five minutes, and digest promptly, without any fuss or discomfort all of any kind of food you could eat.

## IN HONOR OF POE.

Several Celebrations Planned For Centennial of the Poet's Birth.

Admirers of Edgar Allan Poe are regretting that no one great central celebration has been arranged for Tuesday, Jan. 19, in commemoration of the hundredth anniversary of his birth. A number of separate celebrations, however, will be held in his honor—one at Richmond, Va., where he spent his childhood; at the University of Virginia, where he was educated; in Providence, R. I., where, after the death of his wife, he wooed Mrs. Sarah Helen Whitman, also a poet; in New York City, where he lived the closing years of his life, and in Baltimore, where he died threescore years ago.

The celebration in Richmond will be held by the Poe Memorial association, of which ex-Lieutenant Governor Joseph E. Willard is president. The purpose of this organization, says the New York Times, is to erect a monument in Richmond to Poe, and a site and much more than \$5,000 have already been pledged.

At the University of Virginia the observance will begin with the opening of the Poe museum in 13 West Range, Poe's room when he was a student there for the session of 1826. On the following day the Rev. Dr. W. A. Barr of Lynchburg, Va., will preach. The Raven society, named for Poe's famous poem, will have its celebration on Monday, Jan. 18, to be followed with all day exercises on the next day.

At the Providence celebration John N. Arnold, the artist, and Mrs. Henry R. Chace will present to Brown university a portrait of Mrs. Whitman, Poe's old sweetheart, and many classic love letters which Poe wrote to her before their romance came to an abrupt ending.

Two celebrations will be held in New York city on Jan. 19—one at Columbia university, where Thomas Nelson Page, the Virginia author, will be one of the speakers, and at Fordham college and New York university under the auspices of the Bronx Society of Arts and Sciences, of which Chancellor Henry M. MacCracken is president. The exercises at Poe's cottage at Fordham will consist of a reception in the poet's tiny home, where Virginia Clemm died, and the dedication of a tablet in Poe park at 2 o'clock. This will be followed by a memorial meeting in the auditorium of New York university at 3:30 o'clock.

Professor George E. Woodberry, a biographer of Poe, will preside. A poem written for the occasion will be read by its author, Edwin Markham.

Encircling the auditorium at New York university is the Hall of Fame, whose portals have so far been closed to Poe.

The minutes of the regular meeting of January 4, 1909, were read and approved.

Hon. Ed. Crust, mayor, came in. The report of the finance committee showing the amounts on hand in the various funds on January 1st, was read and ordered placed on file.

A report from Wm. Barron, street commissioner, showing that 522 cords of rock had been purchased, was received and ordered placed on file.

Aldermen Vaughn and Zakariasen urged that there be more rock purchased, Vaughn stating that the city had not half the amount needed. Street Commissioner Barron said that he did not know of any place to pile more rock.

Alderman Lyndon wanted to know whether or not the city scales had been tested. Street Commissioner Barron stated that they had been put in good shape but had not been tested.

A communication was read from J. H. St. Peter offering to crush rock for the city for \$3.00 per cord and keep the crusher in repair; to crush for \$2.49 per cord the city to pay repairs or to run the crusher for \$2.50 per day.

Alderman Dieckhaus reported from the finance committee that the city attorney had ruled against the possibility at this time of establishing a revolving fund for improvement. City Attorney Ryan stated that the charter provided that the city must levy a tax to furnish money to pay the interest on such a fund and that as that levy had already been made for this year, it would be impossible to establish such a fund at the present time.

The finance committee was given further time in the matter.

The fire committee asked further time on the request of the firemen for permission to form a firemen's relief association.

The electric light committee was granted further time on the matter of adjusting rates for the street lighting, etc., with the water and light board.

On motion of Alderman Halladay the matter of purchasing ten cords of dry wood was referred to the purchasing committee with power to act.

Ordinance No. 218, providing a fine of not less than \$10 or over \$100 for having screens on windows of any saloon during the hours when it shall be kept closed under the law, was presented and received its first reading. Aldermen Dieckhaus, Lyndon, Rowley, Vaughn, Zakariasen and Halladay voting aye and Aldermen Johnson and Wise voting no.

On motion of Alderman Zakariasen the street commissioner was instructed to have the proper party test all street scales in the city.

The matter of buying ten cords of green or dry wood for use next winter was on motion left to the purchasing committee with power to act.

C. M. Patek asked permission to build an addition at the rear end of his warehouse on South Fifth street. On motion the request was granted subject to the approval of the fire committee and the chief of the fire department.

The superintendent of the Minnesota Water Works Co. and the chief of the fire department reported that all hydrants had been tested and were in good condition.

John P. Anderson for the water and light board reminded the council that the current for use in crushing rock must be purchased from the water and light board. On motion the matter was left in the hands of the electric light committee to confer with the water and light board.

Alderman Halladay brought up the matter of codifying the ordinances asking that there be a report from the special committee. President Crust, who was named as chairman of the committee, stated that he considered the matter solely the prerogative and business of the city council and city attorney.

City Attorney Ryan explained the magnitude of the work, and stated that while he is willing to act as one of a revising committee, it must be as an individual not as city attorney, and he said he would give his services gratis.

The mayor asked for further time as the council adjourned.

## "POISON SQUAD" FOR FRUIT.

Californians Will Try to Turn Dr. Wiley's Methods Against Him.

Experiments to demonstrate whether sulphur dioxide as used in the preparation of dried fruit is harmful have been begun by San Francisco medical men and chemists as a result of the long standing controversy between the pure food authorities at Washington and the dried fruit packers of California.

A "poison squad" has been selected, and it is proposed to use his own familiar weapons against Harvey W. Wiley, chief of the bureau of chemistry of the department of agriculture.

Sulphured fruit will be served to a dozen men once a day. No attempt will be made to depart from the customary methods of the housewife in preparing the dried fruit for the table.

## CONDEMNATION CASE BEING HELD OPEN

Ambrose Tighe Detained in  
Crookston and no Action Will  
be Taken for a few Days

## THE LAW MAY BE NO GOOD

Judge McClenahan Leans Toward  
the Opinion that the Law  
is Unconstitutional

There was no action taken by Judge McClenahan in the matter of the condemnation of the plant of the Minnesota Waterworks company, Ambrose Tighe, who represents the stockholders, is detained in Crookston and cannot arrive in Brainerd until Thursday or Friday and the matter was left open until that time. There is said to be much doubt as to the validity of the law under which these proceedings and the bond issue were taken and it is very likely that it will be necessary to commence all over again. This question, however will not be formally passed upon until the case is taken up the last of this week.

The evidence and arguments in the case of Jordan vs. McKinley and Hoerr were completed at about 5:30 Monday night at which time the court adjourned until 9:30 this morning when Judge McClenahan delivered his charge to the jury and they retired for deliberation.

The court then took up the case of Alice McKinley vs. the Brainerd Lumber and Mercantile company, a case involving the rights of Mrs. McKinley under an alleged loan to the company of which her husband was president.

## LOCAL NEWS NOTES

(Continued from page 2)

Edwin Ralph was held to the grand jury by Judge Allbright this forenoon on the charge of stealing doors, windows, etc, out of a house in Northeast Brainerd belonging to Dr. J. L. Camp. Some of the material taken from the house was found at a place owned by Ralph and occupied by Fred Bierman. Ralph was placed under bonds of \$200.

Manager Jones, of the telephone exchange wishes THE DISPATCH to call the attention to the people of Brainerd to the necessity of turning in fire alarms to central and letting her do the rest. If the hose house is called direct central knows nothing of the fire. As a result neither the pumping station nor the chief and firemen are notified. When an alarm comes in the central notifies the central hose house, the pumping station and a list of firemen. This is essential to getting prompt response from the fire department and all alarms should be given direct to central.

Tom Verkennes, the lad who was fined \$15 by Judge Allbright last week on the charge of stealing coal from the Fisher-Budd Fuel company, was arrested again yesterday on a charge of stealing wood from J. A. Thabes, the charge being preferred by Earl Dennis, who works for Dr. Thabes. According to Dennis' statement he pursued the lad and was only ten feet behind him when he reached the house where Verkennes lives. The case was set for hearing this afternoon at 4 o'clock. When the officers went up Saturday night immediately after the theft occurred they are said to have been treated to a rough house and the hearing is placed at 4 o'clock in order that the night officers may be present. When Sheriff Reid and his deputy went to the house yesterday to make the arrest the boy was hidden and the parents denied knowledge of his presence but finding the officers determined they finally produced him.

In speaking of the recent game of basket ball in Little Falls the Transcript says:—"The Brainerd team played a clean game and it must be said that a more gentlemanly team never visited this city. Although defeated from the first start, they smiled and made the best of it. This match was the first one of the season for the team, the major part of the players never having played basket ball before. The Brainerd quint expressed themselves well satisfied with the treatment which they received and had no fault to find, taking their defeat in a sportsmanlike manner. They speak highly of their opponents and stated that they do not expect to play a stronger team during the year. The squad doubtless contains the nucleus of a good team which will be forthcoming shortly. Brainerd was handicapped by the absence of Capt. Kylio who was unable to play."

Enjoy Your Meals Without Fear  
of Dyspepsia or an Upset  
Stomach

## HAVE THIS ENDED FOREVER

Let Diapepsin Digest Your Meals  
Until Your Stomach gets  
Strong and Healthy

If your meals don't tempt you, or you feel bloated after eating and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eruptions of sour food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something for a sour stomach and Indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas which sours your entire meal—interferes with digestion and causes so many sufferers of dyspepsia, sick headache, nausea, breath, and stomach troubles of all kind, putrefying the intestines and digestive canal, causing such misery as biliousness, constipation, griping, etc. Your case is no different—you are a stomach sufferer, though you may call it some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapepsin will cost fifty cents at any pharmacy here, and will convince any stomach sufferer five minutes after taking one Triangule that fermentation and sour stomach is causing the misery of indigestion.

No matter if you call your trouble Catarrh of the stomach, nervousness or gastritis, or by any other name—always remember that a certain cure is waiting at your pharmacist any time you decide to begin its use.

Pape's Diapepsin will purify the sourest and most acid stomach within five minutes, and digest promptly, without any fuss or discomfort all of any kind of food you could eat.

## AUTOS FOR POLICE.

Steffens' "Best Chief" Would Have No  
More Walking of Beats.

Police Chief Fred Kohler of Cleveland, O., hero of Lincoln Steffens' "Best Chief," in his annual report to the board of public safety the other day said: "The day of patrolling the streets is past. You might as well send the fire engines out in the streets looking for fires. I urge that at least fifteen automobiles be purchased for use of the police department for use in patrolling."

Afterward Chief Kohler explained that he would do away with the walking of beats by policemen, substituting the use of automobiles, in which a squad of men could be carried over a great territory several times each night.

## IN HONOR OF POE.

Several Celebrations Planned For Centennial of the Poet's Birth.

Admirers of Edgar Allan Poe are regretting that no one great central celebration has been arranged for Tuesday, Jan. 19, in commemoration of the hundredth anniversary of his birth. A number of separate celebrations, however, will be held in his honor—one at Richmond, Va., where he spent his childhood; at the University of Virginia, where he was educated; in Providence, R. I., where, after the death of his wife, he wooed Mrs. Sarah Helen Whitman, also a poet; in New York City, where he lived the closing years of his life, and in Baltimore, where he died threescore years ago.

The celebration in Richmond will be held by the Poe Memorial association, of which ex-Lieutenant Governor Joseph E. Willard is president. The purpose of this organization, says the New York Times, is to erect a monument in Richmond to Poe, and a site and much more than \$5,000 have already been pledged.

At the University of Virginia the observance will begin with the opening of the Poe museum in 13 West Range, Poe's room when he was a student there for the session of 1828. On the following day the Rev. Dr. W. A. Barr of Lynchburg, Va., will preach. The Raven society, named for Poe's famous poem, will have its celebration on Monday, Jan. 18, to be followed with all day exercises on the next day.

At the Providence celebration John N. Arnold, the artist, and Mrs. Henry R. Chace will present to Brown university a portrait of Mrs. Whitman, Poe's old sweetheart, and many classic love letters which Poe wrote to her before their romance came to an abrupt ending.

Two celebrations will be held in New York City on Jan. 19—one at Columbia university, where Thomas Nelson Page, the Virginia author, will be one of the speakers, and at Fordham college and New York university under the auspices of the Bronx Society of Arts and Sciences, of which Chancellor Henry M. MacCracken is president.

The exercises at Poe's cottage at Fordham will consist of a reception in the poet's tiny home, where Virginia Clemm died, and the dedication of a tablet in Poe park at 2 o'clock. This will be followed by a memorial meeting in the auditorium of New York university at 3:30 o'clock.

Professor George E. Woodberry, a biographer of Poe, will preside. A poem written for the occasion will be read by its author, Edwin Markham.

Encircling the auditorium at New York university is the Hall of Fame, whose portals have so far been closed to Poe.

### What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alternative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous colitis), bladder, uterus or other private organs. Even in the chronic or ulcerative stages of these affections, it is often successful in affecting a cure.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar to women, such as irregularities and troubles incident to women only. It is a powerful yet gently acting invigorating tonic and nerve. For weak worn-out, over-worked women—no matter what has caused the breakdown, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and noting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines. The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

## WOE FOR FRESHMEN.

Cornell First Year Men Oppose  
New Rules For Their Guidance.

NO PIPE SMOKING IN PUBLIC.

Downtrodden at the University, May Appeal to Faculty From Ukase of General Committee—Severe Rulings For Appearance at Theater and Thirst Parlors.

There is revolt in the air among the downtrodden freshmen of Cornell university at Ithaca, N. Y. The last straw has been piled on their backs by the upper class tyrants. Crushed for years, humbled more perhaps than at any other first class American university, they have been stunned by the announcement of the new rules for their guidance. These were recently promulgated by the all powerful general committee of the student organization.

The freshman must not smoke in public; he must not sit in a street car while an upper class man stands; he must not think of going downstairs at Zinck's, the favorite booze emporium; he must not think of sitting in the orchestra or the balcony at the best theater in Ithaca—the gallery for him; he must not hang around the Ithaca hotel. In fact, he must be more meek and lowly than ever before. If the freshman shows an indication of being fresh he will suffer.

The penalties are not named in these new rules, but every poor dog of a freshman knows only too well what they are. He will be hounded till life is a burden. Under these rules he will be permitted to breathe when the air is not needed by the upper class tyrant. That is all. It is said that an appeal is to be made to the faculty, and it is likely that some action will be taken or that the hundreds of freshmen will openly rebel.

The general committee held a secret meeting a few nights ago, and the next day the new rules were given out. It was mildly announced that some minor changes in them had been made. The freshmen were lulled by this explanation till they began to study the rules. Then the "minor changes" were seen to be most remarkable. When they picked up the Cornell Daily Sun they encountered this editorial paragraph:

As there seems to be a spirit among certain members to regard themselves as outside the working of these rules, their enforcement from now on will be especially stringent.

There was a direct and official threat from the general committee which could not be overlooked. While the freshmen admit that in the past some of their number have been altogether too fresh, they insist that the new rules are tyrannical. Cornell has in the past been troubled with the "professional freshman"—the student of means anywhere from twenty-two to forty years of age who went to college just to be called a college man. He spent the nine months of the student year in a chair at Zinck's absorbing Pilsener, Wuertz and Culmbacher instead of logarithms.

There is a Cornell story that one of these "professional freshmen" who was something of a football player was temporarily and forcibly dragged from his chair in Zinck's long enough to join the eleven and help win a game. But the professors could never get him to enter a lecture room. Thus the new rule, though it seems harsh, has some reason behind it.

Now, in order that there may be no mistake in picking out a freshman among the 4,000 attendants at the university the general committee has added one stringent rule—the freshman must wear a "toque with a cord and tassel." Even the budding lawyers who go for a three year course are freshmen. Once on a time it was recognized, as at most other universities, that law students were old enough to be above the pretense and pose of the average freshman, but no longer at Cornell. Here are the rules in full:

No freshman shall smoke at all on the campus nor in the smoking rooms on the campus, nor shall he smoke a pipe on the streets of Ithaca.

No freshman shall be allowed downstairs in Zinck's in the Alhambra or in the Dutch Kitchen under any circumstances, nor shall he be permitted to lounge about the lobby of the Ithaca hotel at any time, nor shall he be allowed to enter the Senate or the Office after 7 p. m. No freshman shall be allowed upstairs in Zinck's or the Senate unless accompanied by an upper class man.

Each and every freshman shall wear at all times except on Sundays a cap of the following description: An official gray cap with a small visor and a black button or an official gray toque with a black cord and tassel. He shall not at any time while in college wear a pin representing his preparatory school in any manner, nor shall he wear any emblem or insignia of that institution.

No freshman shall be allowed to go without a coat or a cap on the campus. No freshman shall be allowed under any circumstances to sit in the first three rows in boxes at the Lyceum. No freshman shall be allowed on the floor at the junior promenade or at the sophomore cotillon. (This does not apply to freshmen engaged in decorating boxes.) No freshman unaccompanied by a girl shall sit on the first floor or in the first balcony at the Lyceum during the junior week masque performance or glee club concert.

No freshman shall occupy a seat in a trolley car when by so doing an upper class man may be obliged to stand. Zinck's, the Alhambra and the Dutch Kitchen are about the only refectories in Ithaca which a student wishes to enter. Barred from these, the freshman must keep sober. However, many of them are thankful for the privilege of entering Zinck's or the Senate in company with an upper class man.

"It will be a fine thing for the upper class man who has a thirst and no money," said a freshman recently.

## BITTER ATTACK ON ROOSEVELT

Made by Congressman Willett  
of New York.

STOPPED BY THE HOUSE

Remarks of the New York Man So

Vehement in Denunciation of the Nation's Chief Executive That He Is Voted Off the Floor—Called the President a Gargoyle, Tyrant, Jocular, Bogus Hero and Other Names.

Washington, Jan. 19.—A sensational and bitter attack on President Roosevelt was made in the house by Mr. Willett of New York. His remarks, which were delivered under the license of general debate on the pension appropriation bill, were cut short by a vote of the house that it would hear no more of them. So vehement was the denunciation of the chief executive that it seemed as if the New York member raked the dictionary for words which would properly express his feelings. The president was characterized as a "Gargoyle, tyrant, pig my descendant of Dutch tradespeople, hay tedder, fountain of Billingsgate, a jocular, imitation of a king and bogus hero."

As it was, Mr. Willett had completed the reading of about three-fourths of his speech when, after repeated appeals to the chair by numerous Republicans that he be called to order, he was compelled to take his seat. It was on a motion by Mr. Chandler of Mississippi that the New Yorker be allowed to proceed "in order," that the house voted him off the floor 73 to 126. Mr. Willett freely remarked on the floor that the action of the body "put an end to free speech."

After the furore which the speech created had subsided, a number of members spoke on various subjects. Mr. Smith of Missouri pleaded for pensions for certain militiamen of Missouri; Mr. Langley of Kentucky did likewise for some of his constituents; Mr. Norris of Nebraska attacked the house rules. Mr. Rarrinaga of Porto Rico presented arguments to show that Porto Rico had not progressed politically, and Messrs. Goulden of New York, Bowers of Mississippi and Kellor of Ohio discussed the merits of the pension bill.

### INCREASE FOR UNCLE JOE

Senate Boosts His Salary to Fifteen Thousand a Year.

Washington, Jan. 19.—By a vote of 37 to 27 the senate fixed the salary of the speaker of the house of representatives at \$15,000, instead of \$12,000, as at present, and instead of \$20,000 as proposed by the committee on appropriations.

A vigorous speech against any increase was made by Senator Bailey and numerous addresses were made in support of the proposition.

Senator Rayner endeavored to have the senate adopt a resolution calling on the attorney general for information as to whether the president had ordered suit brought against the New York World and the Indianapolis News because of alleged libel in publications relating to the purchase of the Panama canal property and under what statute this action had been taken. Mr. Rayner declared that there was no statute authorizing such legal procedure and that the attempt to sue the newspapers in the name of the United States, if entered upon, was an attempt to apply the sedition laws long since repealed. He declared there was no law under which the libel laws could be made to apply to statements respecting the government. Under objection the further consideration was postponed for a day.

### INSURGENTS TAKE ACTION

Decide Upon Programme for Fight Against House Rules.

Washington, Jan. 19.—Definite action was taken at a caucus by the house "insurgents" in their fight against the existing rules of the lower branch of congress.

At the caucus, attended by twenty-four members, two principles were agreed upon—first, that the house and not the speaker, should select all committees, including the committee on rules; second, that there should be a call of the committees at least one day a week.

A committee consisting of Representatives Gardner of Massachusetts, chairman; Madison of Kansas and Cooper of Wisconsin was appointed to so revise the house rules as to conform to these principles and report next Monday night, when another caucus will be held.

Counting those present at the caucus and those at former meetings, the "insurgents" claim they have a strength of 48 members.

The entire staff of Tang Shao Yi accompanies him to Europe. He will spend some time on the other side, paying the respects of his government to various courts and capitals before returning home.

## SURRENDERS TO THE AUTHORITIES

Former President of a Trust  
Company Gives Bail.

Pittsburg, Jan. 19.—P. J. Kieran, former president of the Fidelity Funding company of New York, who is held responsible by many Catholic churches and societies all over the country for the loss of funds, and whose whereabouts have been unknown to the public for several months, came to Pittsburg, surrendered himself to the authorities, gave bond in two cases pending against him here, and left almost immediately for New York to fight bankruptcy proceedings pending against him there. So quietly were the proceedings conducted here that Kieran was on his way to New York before the fact that he had been here was made public. Complaint was made against Kieran here on Nov. 28, charging him with larceny by baillee and the case was certified to the common pleas court. In this case Kieran went before Alderman John A. Fugacci and furnished bond for \$2,000. The other charge here against Kieran was made by Rev. A. Kazinsky, pastor of a Polish Catholic church at Braddock. In it he is charged with converting to his own use the proceeds of notes given for life insurance premiums amounting to \$19,000. He gave \$2,000 bail in this case also. Kieran employed a Pittsburg law firm to take charge of his interests in this city and vicinity. He says he will turn over his personal assets, which amount to considerable property, to the receiver for the Fidelity Funding company.

### CHICAGOAN MAY GET THE JOB

Judge Taft Has Not Yet Selected His Secretary of the Treasury.

Augusta, Ga., Jan. 19.—That the president elect has not determined who is to be his secretary of the treasury is indicated by the circumstance that he had a conversation with J. C. Shaffer, proprietor of the Chicago Post, regarding the qualifications of the several Chicagoans whose appointment has been urged. Mr. Shaffer is a particular friend of Mr. Taft and came here at the special request of the president elect for this conference, although he did not know why he had been sent for. It is known that Mr. Taft is giving careful attention to the treasury portfolio, and that he may not decide that matter until immediately before his inauguration.

### AFTER A RUNNING FIGHT

### What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections it is often successful in effecting a cure.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nerve. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines. The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

## WOE FOR FRESHMEN.

Cornell First Year Men Oppose  
New Rules For Their Guidance.

NO PIPE SMOKING IN PUBLIC.

Downtrodden at the University, May Appeal to Faculty From Ukase of General Committee—Severe Rulings For Appearance at Theater and Thirst Parlors.

There is revolt in the air among the downtrodden freshmen of Cornell university at Ithaca, N. Y. The last straw has been piled on their backs by the upper class tyrants. Crushed for years, humbled more perhaps than at any other first class American university, they have been stunned by the announcement of the new rules for their guidance. These were recently promulgated by the all powerful general committee of the student organization.

The freshman must not smoke in public; he must not sit in a street car while an upper class man stands; he must not think of going downstairs at Zinck's, the favorite booze emporium; he must not think of sitting in the orchestra or the balcony at the best theater in Ithaca—the gallery for him; he must not hang around the Ithaca hotel. In fact, he must be more meek and lowly than ever before. If the freshman shows an indication of being fresh he will suffer.

The penalties are not named in these new rules, but every poor dog of a freshman knows only too well what they are. He will be hounded till life is a burden. Under these rules he will be permitted to breathe when the air is not needed by the upper class tyrant. That is all. It is said that an appeal is to be made to the faculty, and it is likely that some action will be taken or that the hundreds of freshmen will openly rebel.

The general committee held a secret meeting a few nights ago, and the next day the new rules were given out. It was mildly announced that some minor changes in them had been made. The freshmen were lulled by this explanation till they began to study the rules. Then the "minor changes" were seen to be most remarkable. When they picked up the Cornell Daily Sun they encountered this editorial paragraph:

As there seems to be a spirit among certain members to regard themselves as outside the working of these rules, their enforcement from now on will be especially stringent.

There was a direct and official threat from the general committee which could not be overlooked. While the freshmen admit that in the past some of their number have been altogether too fresh, they insist that the new rules are tyrannical. Cornell has in the past been troubled with the "professional freshman"—the student of means anywhere from twenty-two to forty years of age who went to college just to be called a college man. He spent the nine months of the student year in a chair at Zinck's absorbing Pilsener, Wurtz and Culmbacher instead of logarithms.

There is a Cornell story that one of these "professional freshmen" who was something of a football player was temporarily and forcibly dragged from his chair in Zinck's long enough to join the eleven and help win a game. But the professors could never get him to enter a lecture room. Thus the new rule, though it seems harsh, has some reason behind it.

Now, in order that there may be no mistake in picking out a freshman among the 4,000 attendants at the university the general committee has added one stringent rule—the freshman must wear a "toque with a cord and tassel." Even the budding lawyers who go for a three year course are freshmen. Once on a time it was recognized, as at most other universities, that law students were old enough to be above the pretense and pose of the average freshman, but no longer at Cornell. Here are the rules in full:

No freshman shall smoke at all on the campus nor in the smoking rooms on the campus, nor shall he smoke a pipe on the streets of Ithaca.

No freshman shall be allowed downstairs in Zinck's, in the Alhambra or in the Dutch Kitchen under any circumstances, nor shall he be permitted to lounge about the lobby of the Ithaca hotel at any time, nor shall he be allowed to enter the Senate or the Office after 7 p. m. No freshman shall be allowed upstairs in Zinck's or the Senate unless accompanied by an upper class man.

Each and every freshman shall wear at all times except on Sundays a cap of the following description: An official gray cap with a small visor and a black button or an official gray toque with a black cord and tassel. He shall not at any time while in college wear a pin representing his preparatory school in any manner, nor shall he wear any emblem or insignia of that institution.

No freshman shall be allowed to go without a coat or a cap on the campus.

No freshman shall be allowed under any circumstances to sit in the first three rows or in boxes at the Lyceum.

No freshman shall be allowed on the floor at the junior promenade or at the sophomore cotillon. (This does not apply to freshmen engaged in decorating boxes.)

No freshman unaccompanied by a girl shall sit on the first floor or in the first balcony at the Lyceum during the junior week masque performance or glee club concert.

No freshman shall occupy a seat in a trolley car when by so doing an upper class man may be obliged to stand.

Zinck's, the Alhambra and the Dutch Kitchen are about the only refectories in Ithaca which a student wishes to enter. Barred from these, the freshman must keep sober. However, many of them are thankful for the privilege of entering Zinck's or the Senate in company with an upper class man.

"It will be a fine thing for the upper class man who has a thirst and no money," said a freshman recently.
